

WHY ENTRUST US WITH YOUR CD or DVD PROJECT?

Because we understand that it's your project & your reputation or budget that's at stake!

Introducing... The Concierge *disc manufacturing* Service

ONE person, ONE contact and ALL RESPONSIBILITY ACCEPTED.

- If our experts consider the job commercially unacceptable, we'll redo it at **NO CHARGE** to you.

That's our unique value to you!

No matter how complex your CD or DVD project is, it is still a reflection on you and your department's reputation or budget, that's at stake, to make sure the finished product is exactly what you intended it to be.

We have uncovered just about every issue that could render your project as **unacceptable or a disaster**. That's why we process every job through our unique **72 point check system** ...

This eliminates issues and creates a faster production cycle for you.

- We are responsible to get it right for you.
- One committed person looking after every aspect of your project, eliminating the possibility of someone else in the production cycle letting you down.
- **72 point production check** list detects oversights and eliminates problems
- Fastest possible turnaround times

You can rest assured that your standards are being met.

We have knowledge and experience to look beyond the limitations of your order and focus on what you really want, but may not have considered, so you can choose options that just may be the difference you are looking for.

As far as we know, CDM is the only vendor that offers **CONCIERGE DISC SERVICE**. This strategic solution eases your burden of managing disc projects.

What this means to you is that every time you place an order, YOUR personal concierge will handle it, and YES this is ONE person. Your concierge will take your order through the 72 point check system to ensure everything that COULD go wrong is eliminated, effectively promoting **a faster turn around time & a better product for you at the most economical price.**

Custom **USB** flash drive
printing and duplication
